

Don't miss the . . .

the main event

# St Louis Alarm Industry Annual EXPO Fundraiser

## Reasons to come this year:

• Most importantly to come and support the local security industry...This is a fundraiser to help us protect OUR industry!!

• Again, as it worked very well the last few years, we are asking each of our member companies to commit that not only will they personally be there, but they will be sending 5 or more of there employees to the expo!! Last year we had well over 150+ attendees including the decision makers from each of the companies!!

• Around the Room Card: You've seen it before, the magic card that ensures that visitors will come to YOUR booth. And now it's **FREE!**

• Invitations being sent out to the local ASIS chapter, all state alarm associations, police and fire chief associations, non member security contractors, and many other industry associates

• We will be presenting our Fourth Annual "Security Industry Advocate of the Year" Award!

This award has been a great way to show our appreciation.....

• We have 3-6 openings for CEU classes, respond quickly if you are interesting in teaching a class! Classes are always FULL.

• Do you have a display vehicle/show truck, email me for the option to have it at the show!

### CEU Classes: (2ea)

7am-9am

9am-11am

1pm-3pm

EXPO:

11am-4pm

LUNCH:

11am-1pm
